

WABISABI

PHOTOGRAPHY &
VIDEO

First of all, thank you for being here, and congratulations on your wedding :) And second of all...

SINCERITY ABOVE ALL

We are specialized in photographing and recording weddings.
And our goal in the next pages is to get you to hire us.

We could tell you how many weddings we have done, that we are a team of 6 super-chachi photographers, and that we promise you the moon and the stars.

But not.
We are going to be more honest with you.

We "simply"...

We are going to treat you how we would like to be treated
on one of the most important days of your lives.

**We are going to make sure that you are calmed that day as far as
photography and video are concerned.**

*So that you can sing, jump, cry, get excited and make your mascara run
beautifully, which is what has to happen that day.*

**We are going to photograph you with the style that characterizes us, the
one you see on the web, on Instagram or anywhere you see our photos.**

*We are not going to invent your wedding day, nor copy the style of "so-
and-so" because they are more fashionable.*

We are going to give you a report that will amaze you.

*Because we love people and their emotions, and we want that when we
give you your wedding, you are so excited that you want to show it to
everyone and recommend us highly. Very much.*

Very much.

*So nothing, if you feel like it, we'll explain what we do.
For the moment we leave you below where you can gossip.*

SELF-ESTEEM KICKS

They are also called opinions...

MARINA & AISLAN

The quality is impeccable. Not only professional, but also human.

They are wonderful and make you feel special and the most beautiful couple in the world.

The result of the report cannot be surpassed, you relive each moment with all the intensity of your day.

They are in all the details and took great care of us.

We had the feeling of being in the best hands. They accompanied us at all times and convey that they are passionate about their work in each photo.

In short, delighted.

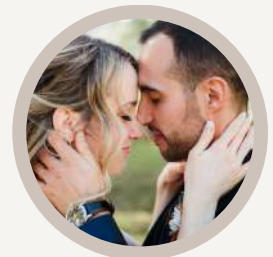

ANNA & ORIOL

From the first moment we fell in love with them.

We were one of those weddings postponed a thousand times in 2020, and they always transmitted calm and confidence to us. They made things easy and adapted. Issue to take into account (on a personal level) given the circumstances. His work speaks for itself, take a look at some of his photos and you will see. It is the perfect combo of sensitivity and professionalism.

They pay attention to details and are always there for whatever you need. The pre-wedding was key to letting ourselves go and establishing that trust with the camera. And although in our case the day didn't seem to be good, the magic was done. At the wedding everything was great, they were super attentive and always had a smile. They give you a confidence that is highly valued at this time. The result, like the entire process, exquisite. Thanks a lot for everything!

JAIME & LAIA

I could describe the final result but you can see it on their website: spectacular.

The most notable thing is that they will make you feel more comfortable than ever, as if you have known them all your life.

The photos are great but what you need most on your wedding day is what they gave us: calm and absolute management of everything.

Just thank you for everything and assure you that we will return soon, we hope with some little one!

Thank you!!

AIDA & DAVID

We contacted WabiSabi and they immediately assisted us.

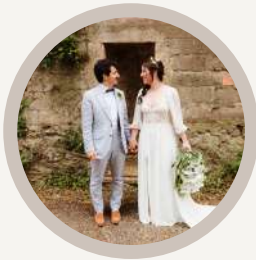

First we did the pre-wedding session (highly recommended) my partner is not much of a photo taker and in the end he ended up having a good time and once he saw the result even more so.

They were super attentive throughout the entire time and on the day of the wedding no detail was missed.

We also contracted the video service with them and I am sure that the result will be just as beautiful.

Without a doubt we would choose them again.

Thank you so much for capturing the happiest day of our lives!!

LAIA & MARCOS

We would choose WabiSabi Photography again for our wedding and pre-wedding, and also for the Video of that special day. From the pre-wedding they made us feel comfortable, they helped us lose our embarrassment in front of the camera and to bring out our usual complicity in the photographs! But on the wedding day they surpassed themselves!!! They were present the entire day, totally integrated with the wedding (we almost didn't realize they were there without missing a moment), becoming one of all the people who made it possible for us to enjoy it so much!!! And the result has been spectacular, photography and video have made us cry with emotion again.

Thank you very much for making us feel so comfortable and for giving us so much happiness concentrated in those beautiful photos and videos!!!

PAUL & JAMES

We booked WabiSabi for our wedding, and from start to finish, we were very pleased with our decision! From our first contact, we were impressed with the professionalism, warmth and friendliness, not to mention the clear details and communication. In the run up to the wedding we were able to arrange a meeting which really put our minds at ease and made us feel confident that we had a lovely person to work with us on the day. Before the day we had some schedule changes and they were completely flexible and accommodating. On the wedding day itself, they were brilliant. Aside from the more intimate moments of our day, however, they made us feel relaxed and comfortable. All of our guests commented on how friendly they were...

If you have time and desire, here there are a few more

A romantic couple is shown in a close embrace on a motorcycle. The man is wearing a dark jacket and the woman is wearing a red sweater. They are positioned in front of a bright sunset, with the sun low on the horizon, creating a warm, golden glow. The background is slightly blurred, showing some trees and a body of water. The overall mood is intimate and romantic.

OTHERS

As in photography, we also work with a contract and payment will be made at different times.

WE DO NOT PROMISE YOU THE MOON AND THE STARS

But we do assure you...

PEACEFULNESS

- You won't have to worry about anything that has to do with photos and videos. We will give you enough peace of mind as professionals to make it so.
-

TRUST

- We have been married more than 250 times. We know the structure of weddings, changes in light, timing, points, important moments and, above all, adapting to new situations, since each wedding is a world.
-

DISCRETION

- We always try not to disturb you at any time so that you and your guests can enjoy without us "getting in the way".
-

STYLE

- The photographs that we will deliver to you will be of the style and edition that you have seen on our website, networks, or any place where we have our work exhibited.
-

YOUR PHOTOS, SECURE

- Each photographer carries 2 pieces of equipment in case one fails. Each device shoots with a double card slot, so a backup copy is made at the moment of shooting. And once we get to the studio after the wedding, we make a backup that is uploaded to the cloud every day at 3 am.

EFFICIENCY

- We tend to deliver quickly, usually sooner than promised, but we still prioritize the quality of the result. We will never take longer than what it says in the contract.
-

EQUIPMENT

- We are not a single photographer or videographer.
 - We are a team of photographers, main and second videographers, and editor. So in the event that there was a last minute emergency, you would not be left hanging.
-

CONTRACT

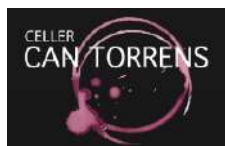

- We always work with a contract for your and our peace of mind.
-

CONTACT

- You will always be in touch with us by email or telephone, but you also have the assurance that we have a physical studio and you can always find us there.

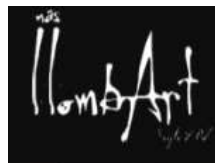

We are so sure of all this that if we did not comply with everything, we would refund the amount of the service.
